JAY PARMAR

WEBSITE DEVELOPER

149/2A, Bhayani Ni Vadi, Street No. 2 | Bhavnagar, Gujarat, India | jayparmar4450@gmail.com | +91 9714611331

SUMMARY

Full-Stack Web Developer and BCA student at Gyanmanjari Innovative University with a strong practical foundation in Python, PHP, JavaScript, React JS, and MySQL. Proven track record of architecting and deploying real-world AI-integrated web platforms with live production links and active GitHub repositories. Experienced in professional internships developing dynamic e-commerce modules, secure authentication, and database schemas. Passionate about clean code, responsive UI design, and contributing to high-impact software engineering teams.

TECHNICAL SKILLS

Python	JavaScript	C	AI
PHP & Mysql	React JS	C++	ML
Java	Git & Github	HTML	CSS

INTERNSHIP EXPERIENCE

IT HUB SOFTWARE SOLUTION **1st May 2025 - 15th May 2025**

Web Designer Intern

- Implemented responsive web pages and modular layout structures utilizing modern HTML5, CSS3, and Bootstrap.
- Engineered client-side interactivity, form validation, and dynamic UI behavior using vanilla JavaScript.
- Assisted senior developers with server-side logic and backend integration tasks using Python and Java.
- Wrote and executed relational SQL queries to connect front-end form elements to database backends.
- Collaborated in daily development workflows, applying agile teamwork and troubleshooting real-world web issues.

IT HUB SOFTWARE SOLUTION **1st December 2025 - 28th February 2026**

PHP Developer Intern

- Developed dynamic, database-driven web application modules leveraging core PHP and MySQL backends.
- Built full-stack e-commerce features including user authentication, session security, and admin control panels.
- Designed normalized MySQL database tables and optimized SQL queries for high-performance CRUD transactions.
- Integrated third-party payment gateway workflows and connected RESTful API endpoints with client interfaces.
- Diagnosed and resolved software bugs in production-like environments, ensuring reliable application stability.

IT HUB SOFTWARE SOLUTION **1st June 2026 - 21st June 2026**

Python Programmer Intern (under the guidance of Mr. Piyush Danani)

- Engineered backend Python scripts and modular programming utilities under the guidance of Mr. Piyush Danani.
- Implemented data processing routines, robust error handling, and file operations adhering to clean code standards.
- Strengthened core foundations in object-oriented programming, data structures, and backend scalability.

PROJECTS

1. Sri Sri HealthCare - AI Medical & Health Platform

Live Link: https://srisrihealthcare111.netlify.app/

GitHub Link: https://github.com/jayparmarsrisri111/sri-sri-healthcare

A multilingual (Gujarati / Hindi / English) AI healthcare web platform built for citizens of Gujarat and India.

- Architected an AI-powered symptom triage system with voice navigation, contactless vitals scanner, and digital health records.
- Integrated Jan Aushadhi generic medicine finder, Gujarat PHC/CHC hospital directory, and rural snakebite (ASV) guide.
- Deployed production web app on Netlify with full mobile responsiveness, PWA support, and rapid 108 emergency link.

2. Sri Sri AI CA - AI Accounting & Tax Platform

Live Link: https://srisriaica.netlify.app/

GitHub Link: https://github.com/jayparmarsrisri111/sri-sri-ca-ai

An intelligent financial accounting and tax automation web platform built for Chartered Accountants and businesses.

- Implemented smart invoice scanner with AI OCR for automatic ledger postings, voucher creation, and bank reconciliation.
- Engineered full GST and Income Tax engine featuring new vs. old regime tax simulator, inventory FIFO, and financial reports.
- Built AI tax-notice solver, audit trail verification, compliance checks, multi-language support, and voice assistant.

3. Sri Sri SOS AI - Women Safety & Digital Blackbox

Live Link: https://sri-sri-sos-ai.onrender.com/

GitHub Link: https://github.com/jayparmarsrisri111/sri-sri-ai-sos

An AI-powered emergency safety Progressive Web App (PWA) with real-time guardian/police dashboard.

- Engineered 1-touch SOS triggering live GPS tracking, automated camera/audio evidence capture, and emergency SMS dispatch.
- Integrated AI distress scream detector, safe-travel timer alerts, fake-call safe exit, and street safety audit scoring.
- Deployed full-stack application on Render featuring real-time socket updates and synchronized police control-room dashboard.

HACKATHON PARTICIPATION

TechNova Hackathon 2025 **22nd November 2025**

Participant | Department of BCA | Gyanmanjari Innovative University

- Participated in TechNova Hackathon 2025 organized by Google Student Ambassador & GMIU Coding Club at Gyanmanjari Innovative University.
- Collaborated in an intensive, competitive environment to brainstorm, design, and prototype a software solution for real-world problems.
- Delivered technical pitch and live demonstration under sponsorship from Meetanshi, Nitsan, The Learning Hub, FuelLens, and DeRuGo.

EDUCATION

Bachelor Of Computer Application **May 2024 - Present**

Gyanmanjari Innovative University

ADDITIONAL INFORMATION

Languages : English, Gujarati, Sanskrit, Hindi.

Certifications : Internship Certificate (Web Designer) by IT HUB SOFTWARE SOLUTIONS; Internship Certificate (PHP Developer) by IT HUB SOFTWARE SOLUTIONS; Internship Certificate (Python Programmer) by IT HUB SOFTWARE SOLUTIONS; Certificate of Participation (TechNova Hackathon 2025) by Google Student Ambassador & GMIU Coding Club.

INTERNSHIP CERTIFICATE: WEB DESIGNER

Organization: IT Hub Software Solutions
Role: Web Designer Intern
Mentor: Mr. Piyush Danani

Duration: 05/06/2025 - 19/06/2025
Issue Date: 19/06/2025
Key Technologies: HTML, CSS, JavaScript, Bootstrap

IT Hub Software Solutions

Office: 8, ShreeSidhdhivinayak Complex, Near Bhagwati Circle,
Kaliyabid, Bhavnagar
Mo: 8849603168 | 8866605455
www.ithubsoftware.com

CERTIFICATE OF INTERNSHIP

Date: 19/06/2025

TO WHOM IT MAY CONCERN

This is to certify that **Parmar Jay Harikrushnabhai**, a student of **Gyanmanjari Innovative University**, bhavnagar has successfully completed his/her internship in the field of **Web Designer** from **05/06/2025** to **19/06/2025** under the guidance of **Mr. Piyush Danani**.

During his/her internship, he/she was actively involved in training and primarily worked with **HTML CSS JavaScript Bootstrap** .

He/she was found to be diligent, hardworking, and inquisitive throughout the program. We wish him/her every success in life and career.
